IN THE MATTER OF THE APPLICATION OF
GRAHAM COUNTY ELECTRIC COOPERATIVE,
INC. TO AMEND ITS CERTIFICATE OF
CONVENIENCE AND NECESSITY AND TO
TRANSFER CERTAIN OF ITS ASSETS TO THE
CITY OF SAFFORD

DOCKET NO. U-01749A-09-_____

APPLICATION

Pursuant to A.R.S. §§ 40-281 and 40-285, Graham County Electric Cooperative, Inc.

("GCEC" or the "Cooperative"), in support of its Application, states as follows:

1. GCEC is an Arizona non-profit, electric distribution cooperative. GCEC incorporated in 1945 and commenced operations in 1946. It supplies electric service to approximately 6,200 members in Graham County, Arizona.

2. In Decision No. 33006 dated April 6, 1961, the Commission issued a Certificate of Convenience and Necessity ("CC&N") authorizing GCEC to operate and maintain an electrical system in most areas within Graham County located south and east of the San Carlos Apache Indian Reservation but excepting the areas located within the corporate limits of the towns of Safford and Thatcher.

3. The City of Safford ("Safford" or the "City") is a municipal corporation of the State of Arizona. It operates an electric distribution system within and without its corporate boundaries.

4. Prior to 1946, Arizona General Utilities Company (“AGU”) was the supplier of electricity to these areas of Graham County. In 1946, GCEC, Safford and the Town of Thatcher jointly purchased the physical assets of AGU.

5. In connection with that joint purchase, GCEC, Safford and Thatcher entered into a contract dated January 22, 1946 (the “1946 Agreement”). Basically, the 1946 Agreement provided for the acquisition of all of AGU’s facilities within Graham County. Safford and Thatcher acquired the facilities within their corporate limits and GCEC acquired the remainder.

6. The 1946 Agreement also provided:

Safford and Thatcher, or either, upon the annexation or extension of their corporate limits, at any time in the future, of territory adjacent to either of said towns, shall be sold the distribution facilities then existing in any such territory and owned by the Co-op upon a replacement new cost less depreciation basis, with no goodwill or going concern element considered, and in no event shall the Co-op require that condemnation proceedings be instituted for such acquisition (the "Acquisition Clause").

7. On multiple occasions since the 1946 Agreement was entered into by the parties, Safford has extended its corporate limits through annexation. Each parcel/area of land annexed since 1961 when the CC&N was issued is within the Cooperative's certificated area.

8. The 1946 Agreement has been very problematic for and created ongoing disputes between the Cooperative and Safford almost since its inception, including: (a) their respective rights, obligations and duties under that agreement and Arizona law; (b) the provision of service to areas subsequently annexed by Safford into its corporate limits; and (c) the correct interpretation and application of the Acquisition Clause.

9. For example, the earliest purchases of GCEC facilities by Safford resulted in litigation focused primarily on the Acquisition Clause which not once, but twice, ended up being decided by the Arizona Supreme Court. *Graham County Elec. Coop. v. Town of Safford*,

1 84 Ariz. 15, 322 P.2d 1078 (1958) ("Graham I"); *Graham County Elec. Coop. v. Town of*
2 *Safford*, 95 Ariz. 174, 388 P.2d 169 (1963) ("Graham II").

3 10. More recently, the parties have been engaged in two separately filed but
4 consolidated lawsuits against each other, arising out of disputes as to which party has the right to
5 provide electrical service to various areas and customer loads within certain areas of Safford that
6 have been annexed since the CC&N was issued in 1961. *City of Safford (Plaintiff/Defendant) v.*
7 *Graham County Electric Cooperative (Defendant/Plaintiff)*, Graham County Superior Court
8 Case Nos. CV2005-081 and CV2005-083 (the "Litigation"). The Litigation resulted in the
9 issuance of a preliminary injunction by the Superior Court in 2005 concerning service to a
10 Wal-Mart SuperCenter.

11 11. In order to resolve their ongoing disputes as to various issues relating to the 1946
12 Agreement and in the Litigation, as well as to provide for a more orderly, mutually beneficial
13 and rational allocation of electric service responsibilities within the corporate limits of Safford as
14 they have expanded and as they will continue to expand from time to time in the future, the
15 Cooperative and Safford recently entered into a comprehensive Territorial Settlement Agreement
16 ("TSA"), which became effective as of January 1, 2009. A true and correct copy of the TSA is
17 attached hereto as Exhibit 1.

18 12. Among other things, the TSA provides for the Cooperative to seek approval for a
19 modification of its CC&N. Specifically, the parties have agreed to a geographic area called the
20 Safford Service Area which, with certain exceptions, is the area which Safford will have the right
21 to serve under the TSA and which will be deleted from the Cooperative's CC&N. The Safford
22 Service Area consists largely of the existing city limits of Safford, including areas where the City
23 currently supplies service, plus certain areas in which it is anticipated to expand in the relatively

1 near future. The Safford Service Area is shown on Exhibit B to the TSA (which is Exhibit 1
2 hereto). Further, a narrative description of the boundaries of the Safford Service Area is set forth
3 at the bottom of that Exhibit B.

4 13. The TSA provides, however, that the Cooperative's CC&N will continue to
5 include certain customer loads currently served by GCEC within the Safford Service Area.
6 Specifically:

- 7 a. The Cooperative's CC&N will continue to include, and GCEC will have the
8 right and obligation to serve, all of the existing loads and customers within the
9 Safford Service Area that the Cooperative was serving as of January 1, 2009.¹
10 These areas are depicted on Exhibit 2 hereto, which shows the location of the
11 Cooperative's distribution facilities (identified thereon in red as "GCEC
12 Conductors") existing as of January 1, 2009 within the Safford Service Area
13 that are used to serve existing loads and customers. To provide further clarity,
14 a detailed list of the existing loads and customers covered by this exception is
15 attached hereto as Exhibit 3.²

16
17 ¹ The TSA provides that GCEC will continue to serve these loads through December 31, 2015. Safford
18 will take over service to these loads beginning January 1, 2016, and GCEC will at that time convey to
19 Safford its distribution facilities used in providing electric service to these loads. The TSA further
20 provides that by January 15, 2015, GCEC will file a separate application with the Commission seeking
21 approval, to become effective as of January 1, 2016, to delete the areas in which these loads are located
22 from its CC&N and to transfer to Safford its related distribution facilities. Assuming approval is granted,
23 Safford would then become the sole provider of electric service within the Safford Service Area from
24 January 1, 2016 forward. *See* TSA § 7.

21 ² The TSA also provides for the possibility that the Cooperative would provide service to two other types
22 of customers within the Safford Service Area between January 1, 2009 and December 31, 2015: (a) new
23 or temporary service loads for which Safford has not constructed connecting distribution facilities at the
24 time service is requested, and (b) customers who request service from GCEC rather than the City prior to
the Commission granting this Application. *See* TSA Sections 4.4 and 4.5. If such situations arise, GCEC
will file a borderline agreement as to any customer(s) described in Section 4.4 and will amend this
Application to include any customer described in Section 4.5.

1 b. Through December 31, 2012, the Cooperative's CC&N will include, and the
2 Cooperative will have the right and obligation to continue to serve, the
3 Wal-Mart SuperCenter load, which is located within the Safford Service Area
4 on a parcel of land in Safford bordered by 20th Avenue on the west and 17th
5 Avenue on the east, and by Highway 70 on the north and 8th Street on the
6 south, and which is more particularly described in Exhibit 4 hereto. The TSA
7 provides that, subject to Commission approval, Safford will then take over
8 service to the Wal-Mart load on January 1, 2013, and GCEC will at that time
9 convey to Safford its distribution facilities used in providing electric service to
10 the Wal-Mart load.³

11 14. Consistent with the foregoing, GCEC seeks the following approvals:

- 12 a. Subject to the exceptions described below, modification of the Cooperative's
13 CC&N to exclude the Safford Service Area.
- 14 b. Approval for the modified CC&N to include the areas and customer loads
15 located within the Safford Service Area that are described in ¶ 13(a) herein
16 and on Exhibits 2 and 3 hereto.
- 17 c. Approvals as follows relating to the Wal-Mart property and load described in
18 ¶ 13(b) herein and on Exhibit 4 hereto:
19
20

21 ³ As described in § 6 of the TSA, the *quid pro quo* for GCEC transferring to Safford the right to serve the
22 Wal-Mart load as of January 1, 2013 is that the Cooperative will simultaneously acquire the right to
23 commence service to all customer loads within the Safford Municipal Airport properties and will acquire
24 Safford's related distribution facilities. The Safford Municipal Airport property is depicted on Exhibit A
to the TSA. Because this property is already located within the Cooperative's certificated area, this
transfer will not require a modification of its CC&N.

- i. Through December 31, 2012, for the Cooperative's modified CC&N to include the Wal-Mart property and load;
- ii. As of January 1, 2013, (a) for the CC&N to be modified to delete the Wal-Mart property and load, and (b) approval for GCEC to transfer to Safford its distribution facilities related to serving the Wal-Mart property.

15. The Cooperative and the City have spent decades dealing with the difficulties and vagaries created by the 1946 Agreement. GCEC has incurred a great deal of time and legal expense in litigation and other disputes with Safford regarding its application and enforcement. For more than two years, the Cooperative, its Board and other representatives have expended considerable effort negotiating the TSA as a comprehensive solution to these longstanding disputes. Safford and GCEC agree that the TSA will best serve not only the short- and long-term interests of the Cooperative and its members, but the best interests of all residents of Safford and Graham County. Attached hereto as Exhibit 5 is a letter from Ron Green, the Mayor of the City of Safford, setting forth Safford's support for this Application.

Having fully stated its Application, GCEC requests that the Commission enter its Order:

1. Approving the modification of the Cooperative's CC&N in accordance with ¶ 14 of this Application; and
2. Approving the transfer of the GCEC distribution facilities serving the Wal-Mart load as described in ¶ 14(c)(ii) of this Application.

1 RESPECTFULLY SUBMITTED this 17th day of April, 2009.

EXHIBIT 1

TERRITORIAL SETTLEMENT AGREEMENT

1. AGREEMENT AND PARTIES.

This Territorial Settlement Agreement ("this Agreement") is entered into by and between the City of Safford and Graham County Electric Cooperative, Inc. (the "Parties") pursuant to the Principles as defined in Section 2.9.

2. DEFINITIONS.

2.1 "ACC" refers to the Arizona Corporation Commission.

2.2 "Airport Property" refers to the property described on Exhibit "A" hereto.

2.3 "Authorized Representative" refers to a representative designated from time to time by a Party to work with the designated representative of the other Party and having the authority of such Party to implement the agreements of the Parties set forth in this Agreement.

2.4 "CFC" refers to the National Rural Utility Cooperative Finance Corporation.

2.5 "Graham" refers to Graham County Electric Cooperative, Inc.

2.6 "Graham's CC&N" refers to Graham's Certificate of Convenience and Necessity issued by the ACC in its Decision No. 33006 dated April 6, 1961.

2.7 "Lawsuits" refers to Graham County Superior Court Cause Nos. CV2005-0081 and CV2005-0083.

2.8 "1946 Agreement" refers to the Agreement entered into by and between Safford, Graham, and the City of Thatcher and dated January 22, 1946.

2.9 "Principles" refers to the Settlement Principles of Territorial Issues Between Safford and Graham entered into on September 8, 2008.

2.10 "Safford" refers to the City of Safford.

2.11 "Safford Service Area" refers to the area depicted on Exhibit "B" hereto.

2.12 "Wal-Mart Property" refers to the property to the east of 20th Avenue, between US 70 and 8th Street, on which the Wal-Mart SuperCenter is located.

2.13 "Wheeling and Transmission Agreement" refers to the Wheeling and Transmission Agreement Between Safford and Graham entered into contemporaneously herewith, as may be amended from time to time.

3. EFFECTIVE DATE.

This Agreement shall become effective as of January 1, 2009 (the "Effective Date").

4. PROVISION OF SERVICE WITHIN THE SAFFORD SERVICE AREA.

4.1 Except as otherwise provided pursuant to other provisions in this Agreement set forth below, from January 1, 2009 through the closing of the sale of the Final Transfer Facilities pursuant to Section 7 herein, Safford and Graham shall each continue to provide electric service to the existing loads and customers within the Safford Service Area that each of them is serving as of the Effective Date.

4.2 Graham will not object to Safford connecting new customer loads located within the Safford Service Area to Safford's distribution facilities and providing electric service to such new loads after January 1, 2009.

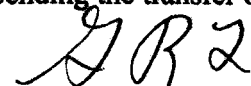

4.3 Customers that are receiving construction or temporary service from Graham as of January 1, 2009 within the Safford Service Area shall become customers of Safford on the date such construction or temporary service is connected to Safford's distribution facilities. Safford shall have the right to and shall make such connections no later than the closing of the sale of the Final Transfer Facilities pursuant to Section 7 herein.

4.4 If, after January 1, 2009, any customer requires new or temporary service within the Safford Service Area, and Safford has not acquired the Final Transfer Facilities, as defined in Section 7, and it is anticipated that Safford will not have constructed connecting distribution facilities in order to provide the service to the new customer, the Parties agree that Graham (and not Safford) will, after discussions, deliberation, and agreement with Safford, proceed to install all necessary facilities to timely serve the new customer's load, temporarily connecting any such new customer's load to Graham-owned distribution facilities.

4.4.1. In such event, such new customer shall become a retail customer of Graham and such new customer's load shall continue to be served by Graham until the Final Transfer Facilities are transferred to Safford.

4.4.2 Also in such event, Safford shall reimburse Graham for Graham's actual cost of installing all necessary facilities to serve such new customer's load, including any line extension costs, but less any contributions that would be payable by such customer for such facilities, at the time of closing of the transaction transferring the Final Transfer Facilities to Safford.

4.5 Graham shall also serve, until the Final Transfer Facilities are transferred to Safford, any new customer's load located within the Safford Service Area, which customer: (i) demands service from Graham prior to the date that the ACC approves the modification to Graham's CC&N pursuant to Section 8; and (ii) refuses to instead be connected to Safford's distribution system to be served by Safford pending the transfer of the Final Transfer Facilities to Safford.

4.5.1 Safford shall reimburse Graham for the actual cost of facilities installed by Graham, including any line extension costs, but less any contribution paid by the customer and retained by Graham, for such service to customers pursuant to this Section 4.5, but in no event shall such reimbursement be any greater than the costs that the Parties agree would be incurred by Safford to connect such customer to Safford's distribution system (less any contributions that would be payable by such customer).

4.5.2 Safford shall pay Graham such agreed upon costs at the closing of the transaction transferring the Final Transfer Facilities to Safford.

4.6 The costs incurred for and any value of the facilities and associated line extensions described in Section 4.4 and Section 4.5 shall be excluded from the final RCLD Purchase Price of the Final Transfer Facilities determined pursuant to Section 7.3(i), and instead shall be payable pursuant to Section 7.3(ii).

5. PROVISION OF SERVICE OUTSIDE THE SAFFORD SERVICE AREA.

5.1 Beginning January 1, 2009, Safford shall have the right to provide electric service in territory outside the Safford Service Area to customers located in areas annexed by Safford, provided Safford first acquires, pursuant to the procedures specified in this Section 5, Graham's distribution facilities used to serve loads located in such annexed areas.

5.2 In any such acquisition of facilities by Safford from Graham pursuant to Section 5.1, Graham shall retain any facilities necessary for Graham to continue to provide service to its customers' loads in area(s) Graham will be continuing to serve. The Parties shall make good faith efforts to promptly identify the facilities to be retained by Graham.

5.3 For any such acquisition pursuant to Section 5.1, Safford shall give Graham three (3) years' written notice of its intention to purchase Graham's electrical distribution facilities used to serve load located in any such annexed area outside the Safford Service Area that Safford intends to serve. Graham shall file and diligently pursue appropriate requests with the ACC, the CFC, and any other holder(s) of liens on the facilities being acquired, requesting (i) approval of the transfer to Safford of title to such facilities, (ii) release of any and all liens made by Graham on such facilities, and (iii) authority to discontinue retail electric service to the affected customers as of the third anniversary of the notice. Graham shall use reasonable efforts to obtain approval by the ACC, CFC, and any such lienholder prior to the third anniversary of the notice. Safford agrees to assist Graham in obtaining such approvals by providing a letter and testimony in support of the approvals, if testimony is requested by Graham or the ACC, at Safford's own expense.

5.4 The purchase price paid to Graham for any such facilities acquired by Safford pursuant to Section 5.1 shall be five (5) times the annual billings for service to customers in the annexed area (such billings to be determined by reference to Graham's records,

which Graham shall make available to Safford, and which Safford may audit at its sole expense) based upon the total amount of all ACC authorized items and charges shown on the last twelve monthly bills for each customer in the annexed area, with the last of such twelve monthly bills to be the last one that was sent at least thirty days before the third anniversary of the notice.

5.5 In the event Graham adds facilities in the territory after Safford has given the written notice pursuant to Section 5.3 and prior to acquisition, the formula set forth in Section 5.4 shall be used to determine the purchase price of such facilities, and in the event such facilities have not been installed for one full year prior to acquisition, a full year of service and billings for the customers being served by such additional facilities added in the annexed area shall be developed to determine the purchase price based upon proration of available service and billing data. For service to any customer(s) being served by such additional facilities added in the annexed area to whom no monthly bill has been sent at least thirty days before the third anniversary of the notice, the Parties will, within thirty days after the closing date, calculate and agree on the additional purchase price of the added facilities for such customer(s) based on a prorated year of billings for such customer(s), and Safford shall then pay Graham such additional purchase price amount within thirty days after the Parties agree on the calculation.

5.6 Subject to receipt of necessary regulatory and other approvals necessary to sell such facilities to Safford, the scheduled closing date for the transfer of any facilities pursuant to Sections 5.1 through 5.5 shall be the third anniversary of the date the notice is given. The form and substance of any transfer documentation for the transfer of such facilities shall be reasonably satisfactory to both Parties and shall warrant that such facilities and associated real property interests are being conveyed free and clear of any monetary liens.

5.7 In the event, for any reason, Graham has not obtained approval from the ACC, CFC, or any other person or entity holding a lien made by Graham on Graham's portion of the facilities to be transferred pursuant to Sections 5.1 through 5.5 prior to the third anniversary of the date notice is given pursuant to Section 5.3, Graham shall pay Safford, until the closing of the sale of the facilities being acquired, a fee equal to the product of a rate (in Dollars per kWh) equal to the then current wheeling rate (in Dollars per kWh), multiplied by all monthly retail electric sales in kWh of Graham's customer accounts, starting as of such third anniversary of the notice, for customers served by the facilities being acquired.

5.8 Safford shall, as the sole alternative to using its powers of condemnation, use the method set forth in Sections 5.2 to 5.7 for the purpose of expanding its electric system and electric services beyond the Safford Service Area.

5.8.1 However, nothing contained herein shall (i) bar Safford from increasing its municipal boundaries pursuant to lawful annexation of properties, or (ii) limit the right of Safford to exercise its powers of condemnation.

5.8.2 If, however, Safford chooses to proceed by condemnation against Graham, Graham shall not be limited in such proceeding to the determination of a value for its facilities as specified in this Agreement, including without limitation the formulae set forth in Sections 5.4 and 5.5.

5.9 Graham will not object to Safford expanding its distribution system outside of (a) the Safford Service Area or (b) any area where Safford has acquired facilities and service rights pursuant to Sections 5.1 through 5.5 if such expansion is solely for reliability purposes, interconnects with electric facilities of Graham in accordance with the Wheeling and Transmission Agreement, or with the Town of Thatcher, and so long as such facilities serve no retail electric distribution load that is not within either (a) the Safford Service Area, or (b) any area where Safford has acquired facilities and service rights pursuant to Sections 5.1 through 5.5.

5.10 Subject to the provisions of Section 8.5, the 1946 Agreement is hereby terminated.

6. INITIAL TRANSFER DATE AND INITIAL TRANSFER FACILITIES.

6.1 Electric service to the electric customers' loads of the Airport Property shall continue under existing arrangements until the Initial Transfer Date, as defined in Section 6.2, so that until the Initial Transfer Facilities, as defined in Section 6.3, are exchanged between the Parties, Safford will receive and pay for retail electric service from Graham, as measured by a master meter, and may resell the power to individually metered customers. Graham shall continue to provide service to the Wal-Mart Property until the closing of the sale of the Initial Transfer Facilities.

6.2 On December 31, 2012 ("Initial Transfer Date"), or on such later date as may be required pursuant to Section 6.7, the Parties shall simultaneously enter into the following exchanges and transfers, each of which shall be conditioned upon and in consideration for the other:

6.2.1 In exchange and consideration for the transfer described in Section 6.2.2, Safford shall purchase from Graham, and Graham shall sell and convey to Safford, Graham's distribution facilities, and its real property interests concerning such distribution facilities, used in providing electric service to the Wal-Mart Property; and

6.2.2 In exchange and consideration for the transfer described in Section 6.2.1, Graham shall purchase from Safford, and Safford shall sell and convey to Graham, Safford's distribution facilities, and its real property interests concerning such distribution facilities, used in providing electric service to the Airport Property.

GR2

6.3 The Wal-Mart Property and Airport Property facilities and associated real property interests are collectively referred to as the "Initial Transfer Facilities." The Authorized Representatives of the Parties shall identify and agree upon the specific facilities that are Initial Transfer Facilities no later than December 31, 2011.

6.4 On or before January 15, 2012, Graham shall file appropriate requests with the ACC, the CFC, and any other holder(s) of liens on Graham's portion of such Initial Transfer Facilities, requesting (i) approval of the transfer to Safford of title to Graham's portion of the Initial Transfer Facilities, (ii) release of any and all liens made by Graham on Graham's portion of the Initial Transfer Facilities, and (iii) authority to discontinue retail electric service to the affected customers as of the Initial Transfer Date. Graham shall use reasonable efforts to obtain approval by the ACC, CFC, and any such lienholder prior to the Initial Transfer Date. Safford agrees to assist Graham in obtaining such approvals by providing a letter and testimony in support of the approvals, if testimony is requested by Graham or the ACC, at Safford's own expense.

6.5 In the event, for any reason, Graham has not obtained approval from the ACC, CFC, or any other person or entity holding a lien made by Graham on Graham's portion of the Initial Transfer Facilities prior to the Initial Transfer Date, Graham shall pay Safford a fee equal to the product of a rate (in Dollars per kWh) equal to the then current wheeling rate (in Dollars per kWh), multiplied by all monthly retail electric sales in kWh of Graham's customer accounts, starting January 1, 2013, for customers served by Graham's portion of the Initial Transfer Facilities.

6.6 Such payments to Safford shall continue until Graham obtains approval from the ACC, CFC, or any other lienholder, or, in the event of CFC or other lienholder approval delay, Graham provides an alternative to lien release satisfactory to Safford and Graham, such as collateral or indemnity.

6.7 Safford and Graham shall close the sale of the Initial Transfer Facilities within ten (10) days after Graham provides notice that it has either obtained the approvals and releases required by Section 6.4 or that it has provided satisfactory alternatives as described in Section 6.6, but not sooner than the Initial Transfer Date. The form and substance of any transfer documentation for the transfer of Initial Transfer Facilities shall be reasonably satisfactory to both Parties and shall warrant that such facilities and associated real property interests are being conveyed free and clear of any monetary liens. Each Party shall pay half of any escrow or related costs, charges, or fees, if any.

7. FINAL TRANSFER DATE AND FINAL TRANSFER FACILITIES.

7.1 Effective as of December 31, 2015, or upon the closing of the sale of the Final Transfer Facilities pursuant to Section 7.8, whichever is later, Safford shall become the sole provider of electric service within the Safford Service Area.

7.2 On December 31, 2015 ("Final Transfer Date"), or on such later date as may be required pursuant to Section 7.8, Safford shall purchase from Graham, and Graham shall sell and convey to Safford, Graham's distribution facilities, and its real property interests

concerning such distribution facilities, used in providing electric service to loads existing within the Safford Service Area ("Final Transfer Facilities"), and any such distribution facilities that may be installed by Graham within the Safford Service Area pursuant to Sections 4.4 and 4.5. The Authorized Representatives of the Parties shall identify and agree upon the specific facilities that are Final Transfer Facilities no later than November 15, 2014.

7.3 The total purchase price for the Final Transfer Facilities and for any distribution facilities installed by Graham pursuant to Sections 4.4 and 4.5 shall consist of the sum of: (i) an amount equal to replacement cost less depreciation ("RCLD") of the Final Transfer Facilities as of the Final Transfer Date, but in no event to be less than \$950,000 or greater than \$1,250,000 ("RCLD Purchase Price"); plus (ii) any amounts payable by Safford pursuant to Sections 4.4 and 4.5 and as set forth in Section 4.6.

7.3.1 RCLD as used herein shall mean a valuation of such distribution facilities derived by using estimates of the cost to replace such facilities with facilities of similar productive capacity as of the valuation date, less the depreciation, which shall be determined in accordance with generally accepted accounting principles, that has accumulated on such existing facilities based on the transferring party's service records, extending such depreciation through the valuation date.

7.3.2 Graham shall provide Safford with its estimate of the RCLD Purchase Price no later than November 15, 2014, and the Parties will work in good faith to agree on the RCLD Purchase Price prior to January 15, 2015.

7.3.3 In the event the Parties are unable to agree on the RCLD Purchase Price and are therefore in dispute as to the RCLD Purchase Price as of January 15, 2015, the amount to be deposited as the RCLD Purchase Price pursuant to Section 7.4 shall be the midpoint between the estimate derived by Graham and the estimate derived by Safford, but in no event shall such amount be less than \$950,000 nor greater than \$1,250,000.

7.3.4 If the midpoint is used for the deposit and either Party is dissatisfied with using the midpoint as the RCLD Purchase Price, either Party may refer the derivation of the RCLD Purchase Price for resolution pursuant to the dispute resolution process set forth in Section 11, with the arbitrator(s) required to resolve the final RCLD Purchase Price prior to the Final Transfer Date.

7.4 No later than January 15, 2015, Safford shall deposit into an escrow account at a bank, escrow company, or other similar institution of Safford's choice, the RCLD Purchase Price for the Final Transfer Facilities determined pursuant to Section 7.3. Any interest accumulated in the escrow account prior to the Final Transfer Date shall belong to Safford, and each Party shall pay half of any escrow or related costs, charges, or fees. Any amount of such deposit not needed as part of the final RCLD Purchase Price shall be

DR2

refunded to Safford at the close of the sale of the Final Transfer Facilities. Any deficiency in the amount of the funds deposited with respect to the final RCLD Purchase Price shall be paid by Safford to Graham at the closing of the sale of the Final Transfer Facilities.

7.5 On or before January 15, 2015, Graham shall file appropriate requests with the ACC, the CFC, and any other holder(s) of liens on the Final Transfer Facilities, requesting (i) approval of the transfer to Safford of title to the Final Transfer Facilities, (ii) release of any and all liens made by Graham on the Final Transfer Facilities, and (iii) authority to discontinue retail electric service to the affected customers as of the Final Transfer Date. Graham shall use reasonable efforts to obtain approval by the ACC, CFC, and any such lienholder prior to the Final Transfer Date. Safford agrees to assist Graham in obtaining such approvals by providing a letter and testimony in support of the approvals, if testimony is requested by Graham or the ACC, at Safford's own expense.

7.6 In the event, for any reason, Graham has not obtained approval from the ACC, CFC, or any other person or entity holding a lien made by Graham on the Final Transfer Facilities prior to the Final Transfer Date, Graham shall pay Safford a fee equal to the product of a rate (in Dollars per kWh) equal to the then current wheeling rate (in Dollars per kWh), multiplied by all monthly retail electric sales in kWh of Graham's customer accounts, starting January 1, 2016 for customers served by the Final Transfer Facilities and any customers served pursuant to Section 4.4 and Section 4.5.

7.7 Such payments to Safford shall continue until Graham obtains approval from the ACC, CFC, or any other lienholder, or, in the event of CFC or other lien-holder approval delay, Graham provides an alternative to lien release satisfactory to Safford and Graham, such as collateral or indemnity.

7.8 Within ten (10) days after Graham provides notice that it has either obtained the approvals and releases required by Section 7.5 or that it has provided satisfactory alternatives as described in Section 7.7, but not sooner than the Final Transfer Date, Safford and Graham shall notify the escrow agent of the final RCLD Purchase Price pursuant to Section 7.3 and shall close the sale of the Final Transfer Facilities. The form and substance of any transfer documentation for the transfer of Final Transfer Facilities shall be reasonably satisfactory to both Parties and shall warrant that such facilities and associated real property interests are being conveyed free and clear of any monetary liens.

8. ACC APPROVAL TO MODIFY GRAHAM'S CC&N.

8.1 Within 120 days after execution of this Agreement, Graham shall file with the ACC, and shall then diligently prosecute, an application to modify its CC&N to exclude from its service territory the Safford Service Area. In the application process, Graham will also notify the ACC of the reservations and provisions herein relating principally to: (i) Graham's continuing service in the periods prior to the Initial Transfer Date and Final Transfer Date; (ii) the transfer of the Initial Transfer Facilities and Final Transfer Facilities; and (iii) the interim service arrangements described in Section 4.

8.2 Safford shall assist Graham in obtaining this ACC approval by providing, at Safford's sole expense, a letter and testimony in support of such ACC approval, if requested by Graham or the ACC.

8.3 If requested by the ACC, Safford agrees to provide a legal description of the Safford Service Area at its expense.

8.4 If requested by the ACC, the Parties shall work cooperatively to provide a description of the areas served by Graham with the Initial Transfer Facilities and the Final Transfer Facilities.

8.5 If the ACC has not by written order approved such modification to Graham's CC&N by June 30, 2010, the Parties will cooperate and work together for an additional 180 day period to attempt to resolve any issues or concerns the ACC may have raised and/or to otherwise effectuate ACC approval of modification to the CC&N. If, by the end of that additional 180 day period, the ACC has not by written order approved modification to Graham's CC&N, and the Parties have not otherwise agreed to further extend the period to continue working to achieve ACC approval, the 1946 Agreement will again become effective and reinstated.

8.6 In the event the 1946 Agreement becomes effective and reinstated pursuant to Section 8.5, the Parties agree to inform the Graham County Superior Court in the Lawsuits of such reinstatement, and either Party may petition the Court to resume its proceedings in the Lawsuits. In the event the 1946 Agreement becomes effective and reinstated pursuant to Section 8.5, the Parties hereby agree that any applicable statute of limitations, statute of repose, or other applicable time limitation governing or relating to any of the claims or causes of action that were or could have been raised in the Lawsuits or that relate to the subject matter of this Agreement, shall be and hereby are tolled and shall not expire until two years after the date the 1946 Agreement becomes effective and reinstated.

8.7 If and when the ACC approves the modification to Graham's CC&N pursuant to Section 8.1, the Parties will promptly take such actions as are necessary to have the Lawsuits dismissed with prejudice, with each Party to bear its own costs and attorneys' fees.

9. CONDITION OF AND RESPONSIBILITY FOR THE TRANSFER FACILITIES.

9.1 Each Party shall accept the Initial Transfer Facilities, the Final Transfer Facilities, and any other facilities transferred pursuant to Section 5, and the associated conveyed real property interests, AS IS and WHERE IS, as of the Initial Transfer Date, the Final Transfer Date, and the date of transfer of other facilities pursuant to Section 5, respectively; provided that the conveying Party shall maintain its facilities that are subject to sale and transfer hereunder in accordance with standard utility practice in the period prior to the sale and transfer of any such facilities.

GRZ

9.2 Whenever any facilities and respective associated real property interests are transferred and conveyed pursuant to Sections 5, 6, and 7, the selling Party shall no longer hold any right, title, or interest in such transferred facilities and associated real property interests.

9.3 Further, whenever any facilities and respective associated real property interests are transferred and conveyed pursuant to Sections 5, 6, and 7, the purchasing Party shall then be solely responsible for: (i) providing electric service to the customers connected to such transferred facilities, and (ii) all right, title, interest, operation, maintenance, and disposition of such transferred facilities and associated real property interests.

10. EASEMENTS.

10.1 The Parties agree that easements required by a requesting Party from the other Party to enable the requesting Party to perform in accordance with the provisions of this Agreement shall be made available to the requesting Party without undue cost or delay by the other Party. Each Party agrees to be reasonable within standard utility practice with respect to the locations it requests for such easements in the service territory of the other Party.

10.2 Any easement that has been granted by a Party to the other Party shall not be set aside by the granting Party so long as the other Party requires such easement to provide electric service in its service territory pursuant to this Agreement.

11. ALTERNATIVE DISPUTE RESOLUTION.

11.1 Any question, dispute, or controversy (a "dispute") arising out of or related to the terms and/or subject matter of this Agreement shall be submitted in writing by the Authorized Representative of the disputing Party to the Authorized Representative of the other Party. The Authorized Representatives shall attempt to resolve any such dispute within fifteen (15) days of such submittal and presentation.

11.2 In the event the Authorized Representatives are unable to resolve the dispute within such fifteen (15) days, such dispute shall be submitted by the disputing Party to arbitration and resolved in accordance with the arbitration procedures set forth as follows:

11.2.1 The Authorized Representatives shall attempt to agree on the selection, retention, and appointment of a single neutral independent arbitrator with expertise in the area of the dispute, within ten (10) business days after expiration of the fifteen (15) day resolution period in Section 11.1 above. The cost of such single arbitrator shall be shared equally by the Parties. If the Parties fail to agree upon a single arbitrator within that ten (10) business day period, each Party shall choose one arbitrator within the next five (5) business days who shall sit on a three (3) member arbitration panel. Safford shall retain and provide one arbitrator at its sole expense and Graham shall retain and provide one arbitrator at its sole expense. Those two arbitrators shall select and retain a third independent arbitrator, who shall chair the arbitration panel. The expenses related to the third

independent arbitrator shall be shared equally by Safford and Graham. In either case, the arbitrators shall not have any current or past substantial business or financial relationships with any Party to the arbitration (except prior arbitration).

11.2.2 The arbitrator(s) shall conduct an arbitration of the dispute within twenty (20) days after appointment (or such shorter or longer time as agreed upon by the arbitrator(s) and approved by the Parties). The arbitrator(s) shall provide each of the Parties with the opportunity to be heard and, except as otherwise provided herein, shall generally conduct the arbitration in accordance with the Commercial Arbitration Rules of the American Arbitration Association and applicable substantive law. Except to the extent it would be contrary to or inconsistent with the provisions herein, the provisions of A.R.S. §§ 12-1501 et seq. shall apply. If there is a three member panel rather than a single arbitrator, the powers of the arbitrators, including the power to issue rulings on the merits of the dispute, may be exercised by a majority.

11.2.3 Unless otherwise agreed by the Parties, the arbitrator(s) shall render a decision within thirty (30) days following the arbitration, and shall notify the Parties in writing of such decision and the reasons for it, but without the necessity of detailed findings of fact and conclusions of law. In the discretion of the arbitrator(s), the ruling may include an award of the prevailing Party's costs and reasonable attorneys' fees against the other Party. The decision of the arbitrator(s) shall be final and binding on the Parties, and judgment on the award may be entered in any court having jurisdiction. The decision of the arbitrator(s) may be opposed or modified in accordance with and for the reasons set forth in A.R.S. §§ 12-1512 and 1513.

12. SPECIFIC PERFORMANCE.

In addition to such other remedies as may be available under applicable law, the Parties acknowledge that the remedies of specific performance and/or injunctive relief shall be available and proper through an arbitration proceeding pursuant to Section 11 in the event any Party fails or refuses to perform its duties hereunder.

13. AUTHORITY FOR THIS AGREEMENT.

13.1 Graham and Safford each represent and warrant that the person signing this Agreement on its behalf has full authority to execute this Agreement, and that it has taken all action necessary or appropriate under applicable law and the organizational documents of such Party to make this Agreement the valid and binding obligation of such Party, enforceable in accordance with its terms.

13.2 Graham represents and warrants that it is an Arizona non-profit electric cooperative that was incorporated in 1945 and is duly formed, validly existing, and in good standing pursuant to the laws of the State of Arizona and has the full power and authority to enter into this Agreement.

GRZ

13.3 Safford represents and warrants that it is an Arizona municipal corporation duly formed, validly existing, and in good standing pursuant to the laws of the State of Arizona and has the full power and authority to enter into this Agreement.

14. ENTIRE AGREEMENT.

Together with the contemporaneously executed Wheeling and Transmission Agreement, this Agreement constitutes the entire agreement between the Parties with respect to the subject matter hereof, and may be modified only by a written instrument signed by the parties hereto.

15. EXHIBITS.

Each Exhibit identified in and attached to this Agreement is hereby incorporated in and made a part of this Agreement as if set forth in its entirety wherever referenced in this Agreement, and may be modified or replaced by a substitute Exhibit only upon the mutual agreement of both Parties evidenced by their signatures on the substitute Exhibit together with identification of the prior Exhibit and the effective date of substitution.

16. COOPERATION IN TRANSFER OF RECORDS AND SERVICE.

Each Party shall promptly cooperate with the other Party in all reasonable respects to provide for a smooth and uninterrupted transition of electric service to each customer affected by this Agreement, including without limitation by providing the other Party customer lists, addresses, billing information, load histories, and other relevant account information necessary or convenient to facilitate the accurate identification of all customers affected, the delivery by the Parties of notices of the transition, and the provision of continued and uninterrupted electric service to all such customers.

17. NOTICES.

Any notice or other written communication to or upon Safford or Graham pursuant to this Agreement shall be deemed properly made and received if made in writing and addressed to the person(s) and address(es) for Safford and Graham set forth below, and shall be effective (i) three days after it is deposited and post-marked with the United States Postal Service, postage prepaid, return receipt requested, or (ii) upon hand delivery:

Routine correspondence regarding mutual discussions, negotiations, deliberations, transactions, or operations may be made by electronic mail, facsimile, telephone, or such other means as the Parties may mutually determine from time to time in furtherance of efficient, effective, and cooperative communication.

18. **UNCONTROLLABLE FORCES.**

No Party shall be considered to be in default in the performance of its obligations hereunder when a delay in or failure of performance shall be due to an Uncontrollable Force. The term "Uncontrollable Force" shall mean any cause beyond the reasonable control of the Party affected, which by exercise of due diligence such Party could not reasonably have been expected to avoid, and which by exercise of due diligence it shall be unable to overcome, including but not restricted to failure of facilities, flood, earthquake, storm, fire, lightning, epidemic, war, riot, civil disturbance or disobedience, labor dispute, shortage of labor, fuel, transportation, or material, sabotage, regulation or restriction imposed by governmental or lawfully established authority, or restraint by court order or public authority. Nothing contained herein shall be construed to require a Party to settle any strike or labor dispute in which it may be involved. Any Party that fails to fulfill any of its obligations hereunder by reason of an Uncontrollable Force shall give prompt notice, followed by written notice of such fact to the other Party and an estimate, if possible, of when the Party claiming the Uncontrollable Force believes in good faith that the Uncontrollable Force will end and that performance will resume. The Party claiming the Uncontrollable Force shall exercise due diligence to resume the performance of such obligation(s) with all reasonable dispatch.

19. BINDING ON SUCCESSORS AND ASSIGNS.

It is intended that all of the provisions of this Agreement shall inure to the benefit of and shall be binding upon the Parties hereto, their legal representatives, successors, and assigns. Neither Party shall transfer or assign all or any portion of its rights or obligations under this Agreement without the prior written consent of the other Party, which consent shall not be unreasonably withheld or delayed.

20. TIME OF THE ESSENCE.

Time is of the essence with respect to the performance of all terms, covenants, conditions, and provisions of this Agreement. If the date or deadline for any notice, act, or event required or contemplated by the terms of this Agreement falls on a Saturday, Sunday, or legal holiday, such date or deadline shall continue over to the next following day that is not a Saturday, Sunday, or legal holiday.

21. COOPERATION.

The parties hereto shall execute, acknowledge, and deliver such other instruments and documents as may be necessary or appropriate to carry out the full intent and purpose of this Agreement.

22. ARIZONA LAW GOVERNS.

This Agreement and the rights of the parties hereto shall be interpreted, governed, and construed in accordance with the laws of the State of Arizona.

23. WAIVER.

Either of the parties shall have the right to excuse or waive performance by the other party of any obligation under this Agreement by a writing signed by the Party so excusing or waiving. No delay in exercising any right or remedy shall constitute a waiver thereof, and no waiver by either Party of the breach of any provision of this Agreement shall be construed as a waiver of any preceding or succeeding breach of the same or any other covenant or condition of this Agreement.

24. COUNTERPARTS.

This Agreement may be executed in any number of counterparts, each of which shall be an original, but all of which shall constitute one and the same instrument.

25. TERM.

This Agreement shall continue and remain in effect in perpetuity, unless and until it is modified or terminated by mutual written agreement of the Parties.

26. INTERPRETATION.

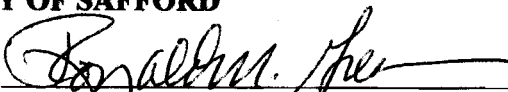

This Agreement is the result of negotiations between the Parties and, accordingly, shall not be construed for or against any Party regardless of which entity drafted this Agreement or any portion thereof.

27. CONFLICT OF INTEREST.

Notice is hereby given of the provisions of A.R.S. § 38-511.

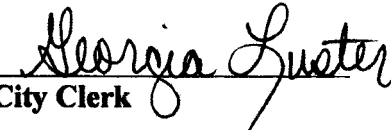

IN WITNESS WHEREOF, the City of Safford and Graham County Electric Cooperative, Inc. have caused this Territorial Settlement Agreement to be executed, attested, and delivered by their respective duly authorized executives.

Re: Application of Graham County Electric Cooperative to Amend its Certificate of Convenience and Necessity and to Transfer Certain of its Assets to the City of Safford / DOCKET NO. U-01749A-09-_____

Dear Commissioners,

On behalf of the City of Safford, I want to express our strong support for the application of Graham County Electric Cooperative (the "Cooperative"). The application seeks to amend the Cooperative's certificate of convenience and necessity to exclude the Safford electric service area from the Cooperative's certificated area (subject to certain exceptions) and to transfer certain electric service facilities to the City of Safford.

The City of Safford and the Cooperative have had years of contention about the meaning of the 1946 agreement between the parties. The application is the product of long negotiations to replace the 1946 agreement with the Territorial Settlement Agreement attached to the Cooperative's application. Replacement of the 1946 agreement is in the public interest and will promote the public health and welfare of the customers of the City of Safford and the Cooperative. We urge you to approve the application.

Sincerely,

Ron Green, Mayor
City of Safford
